Apply for Financial Aid in Academic Year 2023-2024

Apply for Financial Aid in Academic Year 2022-2023

This workbook walks you through completing your Parents' Financial Statement (PFS) as part of your application for Financial Aid for the 2023-24 Academic Year. The PFS is completed online in the Family Portal.

Apply Online

Family Portal

<https://ssandtadsfa.force.com/familyportal/>

Step 1: Prepare to apply

Find out from each School their application deadlines and requirements. Then, gather any materials you will need to reference as you answer questions in the PFS.

Step 2: Complete your PFS online

On your Family Portal Dashboard, choose to begin a new PFS for the Academic Year you are applying for aid. As you work, you can save and stop your work at any time, then log in again using your email address and password.

Step 3: Pay for and submit your PFS

After completing all the sections of the PFS, on the Pay and Submit screen, choose your method of secure payment (\$60.00). Once you submit your PFS, your information is sent immediately to Schools. It cannot be withdrawn from the PFS system, and your money cannot be refunded.

Step 4: Manage documents

Once you have paid for your PFS, the system activates the "My Documents" tab, where you can view the list of documents your Schools require and upload them electronically. You'll need to upload them before their requested deadline date as part of your application for Financial Aid.

Step 1: Prepare to apply

Know Your School Deadlines

Find out what is required and by when for each School you’re applying to for aid. Use this list to keep track of these dates. Some Schools list these dates on their websites. They are also available on the Dashboard of the Family Portal after you select your School(s) in Section 5.

School Name	Partner Code	Deadline to Submit the PFS Application	Deadline to Submit Required Documents

Upload Documents: It’s important to note the distinction between uploading your documents and fulfilling your requirements. The Family Portal is required to review the documents, verify their authenticity, and label them for our use. This process typically takes up to 3 business days after upload date.

Gather Information

Types of questions you will answer on the PFS

Questions about your family’s income (“what you earn and receive”)

You will answer questions about income that is taxed and income that is not taxed. Questions about “taxable” income cover salaries/wages earned by Parents/Guardians and children, alimony, and taxable dividends or interest income. Ownership of a business, farm, or rental property are other potential sources of taxable income. Questions about “non-taxable” income cover child support, social security benefits, etc. If you do not have your current tax documentation completed, please do your best to estimate. You can always use your previous year’s tax documentation assuming there has not been a great change.

Questions about the value of your assets (“what you own”)

Be ready to answer questions about the value of your home and what you pay. The PFS will also ask you about the vehicles you own and about investments and retirement plan accounts.

Questions about your debts (“what you owe”)

These include questions about the amount you owe on your credit cards, as well as other debt you have incurred.

Questions about educational expenses

Questions about how much you pay for educational expenses for all your children (not just the children for whom you are applying for Financial Aid). The PFS also asks HOW you pay for these expenses—that is, from what sources (your own funds, loans, friends, family, etc.).

Questions about other family expenses

These include questions about medical and dental care expenses that weren’t covered by insurance and questions about the annual cost of camps, lessons, tutors, and vacations.

Information to have handy to answer these questions

- W-2 and/or 1099 form(s)
- IRS Form(s) 1040
- Schedule 1, 2, 3, 4
- Schedule C, E, F, K-1

- Sum of expenses for camps, lessons, sports, and tutors
- Sum of expenses for vacations taken by all members of the family

Choose and confirm the correct Academic Year

At some points during the year, The Family Portal may have applications open for two Academic Years. Be sure to choose the PFS for the Academic Year in which you are applying for Financial Aid, then confirm your application year selection when you begin to fill out your PFS. Refunds are not available for applications submitted for the incorrect Academic Year.

How to return to your application at a later date

You do not have to finish your PFS in one sitting. To return to it, from the SSS Website for Families (<https://sssandtadsfa.force.com/familyportal>), log in on the right side of the page with the email and password you used to create your account. If you have forgotten your password, click on “Get help signing in.”

“Save & Next” vs. “Save & Exit” buttons

At the bottom of every screen in the Family Portal, you’ll see two “save” buttons. If you press “Save & Exit,” you will leave the PFS application. You should press this if you are finishing your session and wish to log out. If you have completed the page and wish to move on to the next, press “Save & Next.” Note: If you haven’t finished answering all the required questions on that page, you will be prompted to do so. If an answer doesn’t apply to you, fill in a zero. Don’t leave it blank.

The back button

Do NOT use the back button on your Internet browser. Instead, click on the PFS section headers in the menu on the left side of the screen to navigate to earlier sections of the PFS. Data may be lost if you use the browser back button.

Help Along the Way

Look for blue circle icons and inline help text as you move through the application. Hover your cursor over the blue icons for more information and guidance.

Step 2: Complete your PFS online

Use the section-by-section guide below to complete the online PFS fully and accurately. You may not see all questions covered in this Workbook. Some questions are only display based on your answers to previous questions. An application will not be processed until you have completed all required questions online. Note: References to tax form line numbers below and on the online form may vary slightly from the actual line numbers on 2022 tax forms.

Question-by-Question Instructions

Household Information

Parent/Guardian Information

- **Parent/Guardian A and B** – Fill in the biographical and contact information exactly as you do on tax and other official forms. Include an email address so we can send you a confirmation that we have received your PFS. If either parent has more than one job, please identify.
- **Other Parent** – Complete this section only if the Student Applicant(s) has another living biological or legal (adoptive) Parent/Guardian who was not listed as Parent/Guardian A or B. Any noncustodial Parent/Guardian or Parent/Guardian with joint custody in separate households should be listed here, but he/she must also complete a separate PFS. Be sure your answers to the remainder of the questions in the PFS only pertain to the Parents/Guardians in your household. Please note that both fields are listed with “None” in the field by default. The “None” must be changed to “Yes” or “No” prior to saving this section.

Applicant Information

- **Applicant(s)** – Enter the biographical information only for Students who are applying for Financial Aid at partner Schools. Do not include your other dependent children who are not applying for aid or are only applying for aid at non- Partner Schools.
- **Applicant Lives With** – Select the best response for the current family situation. If the Applicant lives with someone other than Parent/Guardian A or B, enter the name(s) of the other Parent(s)/Guardian(s).

- **Dependent(s)** – Enter the biographical information for all dependent individuals in your household who are NOT applying for Financial Aid at a Partner School. DO NOT add anyone to this section you have already identified as a Parent/Guardian or an Applicant.

School Selection

- **School Selection** – Identify the Partner Schools to which we should send copies of your application where you are applying by entering the Partner code(s) or name of the Schools and Organizations or looking them up by location. Once the Schools have been found and selected, assign them to the correct Applicant(s). If a School/Organization is not listed, contact the School/Organization directly.

Family Income

Basic Tax Information

Other Information

This final section of the PFS is Other Consideration. Use the below space to provide any other information, explanation, or details you believe are pertinent to your family's situation when the School(s) consider your request for Financial Aid.

Step 2: Complete your PFS

Tips for avoiding common errors

1. If you must go backward in the application, click on the section headers in the menu on the left side of the screen to navigate to earlier sections of the PFS. If you use your Internet browser's "back" button at the top of your screen, you may lose information.
2. Zero counts! Enter a zero if a question does not apply to you. Do not leave the answer blank.
3. Whole numbers only. When entering numbers, please use only whole numbers: no decimals or cents. Rounding to the nearest whole number is acceptable.
4. Offer explanation when requested so a School can better understand your answer or situation.
5. Applicants vs. Dependents – Questions about "Applicants" refer to your children who are applying for Financial Aid using the PFS you're completing. Questions about "other dependents" and "non-applicant dependents" refer to the children (or adults) for whom you provide support who ARE NOT applying for Financial Aid through SSS and who are NOT a Parent or Guardian.
6. Choose the right School. In the School Selection section, choose the exact School you wish to apply to, in the correct city and state. Many Schools have similar names.
7. Salary vs. Profit – In the Family Income section, if you are a business or farm owner, in the questions about "salary," enter only the amount you draw as salary for which you received a W2, otherwise enter a zero. You will provide information about profit/loss elsewhere in the PFS.
8. Rent – In the Family Assets and Debts section, if you rent your residence, enter the total rent you pay for the whole year, not the amount you pay each month.

Step 2: Complete your PFS

Frequently Asked Questions

Question	Answer
What is K-12 Financial Aid by Community Brands?	K-12 Financial Aid (FA) by Community Brands is a Financial Aid services provider. Many private Schools use K-12 FA to help them assess a family's ability to pay for School costs. K-12 FA helps Schools make objective and fair Financial Aid decisions. The philosophy behind the K-12 FA process is that Parents/Guardians are primarily responsible to finance their child's education to the extent they are able.
What is the Parents' Financial Statement (PFS)?	The PFS is the cornerstone of your Financial Aid application. When you submit your PFS, you are granting K-12 FA permission to analyze your financial information. K-12 FA analyzes your income, expenses, assets, and debts. Then, we estimate the amount you can contribute to School expenses. We send that estimate to the School(s) you select on your PFS. Schools use the estimate as a starting point to determine Financial Aid awards. Each School makes its own Financial Aid decisions, taking into consideration its budget and financial aid policies.
Is my information safe?	Yes. The process we use at SSS to protect your information meets the most rigorous standards. Schools are also encouraged to keep information private and to allow access to as few people as possible.
How long does it take SSS to send my results to Schools?	Schools receive immediate notification when your PFS has been submitted.
How much does it cost to submit a PFS?	The cost to submit a Parents' Financial Statement (PFS) online for Academic Year 2023-24 is \$60.00.
Can I withdraw my PFS after I submit it?	No. Once you have submitted and paid for your PFS, it cannot be withdrawn from the K-12 FA system, and your fee cannot be refunded. If you no longer wish to apply for Financial Aid, contact your School(s).
Are there any other forms I must submit?	Many Schools require that you submit tax forms and other documents in addition to your PFS. Check with each School to which you are applying to see what is required, by what deadline, and how to provide them. Schools may post additional information on their website, so you may want to look there before calling the School.
How can I submit tax forms if I haven't completed them yet?	Schools realize that tax forms are not available until January or later and usually set their requirements accordingly. Be aware of each School's specific requirements. For example, a School may ask you to submit a 2021 tax document and then later submit a 2022 tax return or a School may set a later deadline for the submission of the 2022 tax return.
What if I am not the Parent/Guardian of the Student Applicant?	If you are financially responsible for the Student Applicant, complete the PFS (fill in the section for Parent A) and include a description of your relationship to the child.

Step 2: Complete your PFS

Frequently Asked Questions

Question	Answer
What if I am divorced?	K-12 FA considers divorced Parents/Guardians living apart to be separate households, and as such, each Parent/Guardian should complete a separate PFS.
What if I have more than one child?	Using the Family Portal, you can enter application information for all your children who are applying for Financial Aid using a single application. Do not complete a separate PFS for each child.
What if I do not know the exact amount in response to a question?	Enter your best estimate. Enter a zero (0) if no other amount applies. Do NOT leave items blank. Do NOT enter symbols, such as >, <, -, or words such as "none," "unknown," or "N/A." If you estimate for any question that your 2023 estimates will differ by \$5,000 or more from your 2022 amounts, please be sure to itemize.
If I applied last year, do I have to fill out another PFS?	Yes, you should file a new PFS for every year that you apply for Financial Aid. Use your same Family Portal login and password from the prior year. You will be able to transfer some information from the previous year's application to speed up the process.
Where can I get help?	Call the Family Support center at (800) 344-8328, email sssandtadsfa@communitybrands.com , or utilize the resources available in the Family Portal and SSS parent website (http://www.solutionsbysss.com/parents). From outside the U.S. or Canada, dial (952) 967-9922. Contact the School directly if your question involves their requirements or awards.

Step 3: Pay for & Submit your PFS

Once you complete all sections of the PFS, you will have access to the “Pay and Submit” section. The fee to submit a PFS online is U.S. \$60.00, and this fee is nonrefundable. This is a flat fee, whether you are applying for aid for one child or several children, and whether your children are applying to one School or several Schools. Your PFS and the application results will not be processed and sent to Schools until your full payment is received.

Payment Options

In the “Pay and Submit” section, you may make your secure payment using one of these methods:

- Credit or debit Card: The charge on your statement will appear as “FinAid App 800-844-2207”
- Direct debit from your checking or savings account

Once you have successfully submitted and paid for your PFS, you will receive an email confirmation from K-12 Financial Aid by Community Brands.

Your information will be immediately available to the school(s) you are applying to for Financial Aid.

Once submitted, your PFS cannot be withdrawn and your fee cannot be refunded.

Step 4: Manage Documents

Submitting Required Documents Online

The Family Portal's upload document feature is secure and easy for families to use. After paying for and submitting your PFS, you will see a tab in the portal called "My Documents." In this section, you will be able to see what documents have been received and processed by K-12 Financial Aid and those still outstanding.

- Prepare your documents to be uploaded. Make sure the documents are on your computer and each specific form is saved as a separate file. Remove any security or password protection from your document files. You may blacken out your Social Security Number(s).
- Return to the Family Portal and log into your account.
- Select the Academic Year 2023-24 button.
- Open the "My Documents" tab on the Dashboard.
- On "My Documents," use the Upload button or hyperlink associated with the specific document name in the "Required Documents" section. Clicking the Upload button or hyperlink leads you through the steps to locate, select, and confirm your file to upload.
- Click "Submit" to complete your file upload. After you do, the date will appear in the "Date Uploaded" column within minutes of the upload. Repeat this process until all required documents are submitted by their deadlines.

Check document requirements!

Some schools may ask you to submit required documents directly to the School rather than through the Family Portal.

Check each School's website for document requirements. Be sure to find out exactly what documents to send, to where, and by when!
